

QUICK DAM

THE NEXT GENERATION IN FLOOD PROTECTION™

Water Control Made Easy

Control & Divert Water

Reduce Water Control Prep Time

Prevent Water Damage

Finally, a solution to these situations:

What is the cost?

Expensive Equipment for Dam Prep	\$\$\$
Man Hours Spent for Water Control	\$\$\$
Property & Equipment Damage	\$\$\$

Preventing Costly Water Control

PRICELESS

Protect Against:

- Expensive and time-consuming water control methods

- Run off from truck bed

- Leaking equipment

- Slurry entering storm drains

- Unwanted water on job sites

- Costly fines for improper disposal

- Environmental damage

Be Prepared & Be Protected:

Hi-Vis Barriers

Water activated barriers to control water
Protects up to 3.5in high, then stackable

Drain Seals

Prevents contaminated water from entering drains
Combine with hi-vis barriers for complete seal

Liquid Lock - Slurry

Solidify Slurry for proper transport & disposal
Protects up to 3.5in high, then stackable

Roll-Off Dams

Prevent roll-off from truck beds
Absorbs up to 500x its volume

CONTAIN WATER WITH EASE

Hi-Vis Buckets For Quick Response

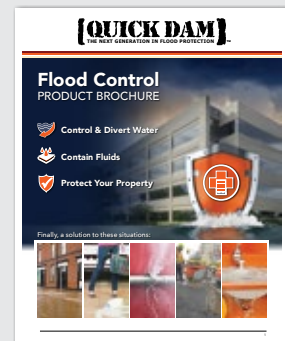

QDGG10-4HV

Slurry Kit for Drain Sealing

QDGGDS-HV

Item #	Description	Qty/Pack
QD610-10HV	10ft Hi Vis Water Barriers	10
QDGG10-4HV	Bucket with 4- 10ft HV Barriers	4
LLS-5	Liquid Lock- Slurry 5 Gal Bucket	1
